REMARKS/ARGUMENTS

Claims 1-47 are pending in this application. Claims 1-47 have been objected to. Claims 48-75 have been canceled, and the Title has been amended. Applicant hereby requests further examination and reconsideration of the application in view of these amendments and the following remarks.

On pages 2-3 of the Office Action, the Examiner stated that claims 1-47 would be allowable upon three formal matters: amending the Title and Abstract to more clearly indicate the invention to which the claims are directed, and cancellation of non-elected claims 48-75. Applicant has amended the Title and Abstract accordingly, and has canceled claims 48-75.

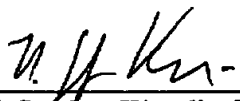

In view of the foregoing remarks and amendments, claims 1-47 are believed to be in condition for allowance. Applicant respectfully requests that a timely Notice of Allowance be issued in this case.

The Assistant Commissioner for Patents is hereby authorized to charge any additional fees or credit any excess payment which may be associated with this communication to our deposit account 50-1705.

The undersigned may be contacted for any questions.

Respectfully submitted,
